KAMANA

The background of the image is a detailed, high-resolution marble pattern. It features a complex, organic design with swirling veins of light beige, cream, and pale yellow against a slightly darker, muted beige base. The pattern is reminiscent of natural stone like Carrara or Calacatta marble, with intricate, non-repeating veining that creates a sense of depth and texture. The overall appearance is clean and sophisticated, typical of a high-end architectural or interior design material.
